MOBILIZING CHANGE

in the Frazier Community

May / June 2024 Newsletter

A WORD FROM OUR PRESIDENT...

Summer is officially here! School is out and we're looking forward to Frazier Kids having enrichment opportunities ranging from computer coding classes to field trips. Providing our youth with safe FUN and educational growth impacts much more than just beating boredom. We know how keeping their minds stimulated while on break from classes equals a smoother transition back to school in August by minimizing loss of reading, writing, math and science skills.

We're also bringing our civic-minded neighbor leaders together to learn how to magnify advocacy efforts at our NeighborWorks America program on July 26 and 27th— be sure to register to join us!

EMPOWERING NEIGHBORS

Frazier Revitalization's Empowerment Pathways is a strategic effort strengthened through collaboration and partnerships. We work with organizations to engage and educate residents on topics central to individual and

community sustainability such as wealth strategies, physical and mental health, and estate planning.

The Leadership Cohort has met for two sessions. Session 1, Developing the Leader Within You focused on the book by John Maxwell, was facilitated by Felisa Conner. Session 2, led by Robert Triggs, Dallas Leadership Foundation, Director of Operations, focused on communicating with respect and keeping an open mind.

Upcoming Sessions:

- August 19- Navigating City Services
- November 18- Planning a Neighborhood Project.

Want to enroll? Contact info@frazierdallas.org or call 469-221-0704.

NEIGHBORWORKS AMERICA

What is NeighborWorks America?

NeighborWorks America is a congressionally chartered and funded nonpartisan nonprofit, that supports organizations that provide communities with affordable housing, financial counseling and coaching, training, and resident engagement and collaboration in the areas of health, employment and education.

NeighborWorks offers training to help organizations establish and maintain healthy operations, measure the reach of their efforts, expand their program offerings to meet community needs, and move toward long-term stability and growth. They help to build the skills, supplements the resources and amplifies the reach of network organizations so they can empower more individuals and transform more communities than they could on their own.
